Welcome to the HCL Detox Program

*A quantum breakthrough in whole-body cleansing and health for the 21st century**

What is the Quantum HCL Activator?

Quantum HCL Activator contains a broad-spectrum, natural-source mineral-antioxidant complex for use with HCL (hydrochloric acid) to liberate the deep cleansing, para-detox power of HCL to promote a healthy immune system and its extensive role in whole body health* by dramatically enhancing methylation at the cellular level and thereby dramatically upregulating cellular detoxification.

The Awesome Power of Methylation

An insightful article in the Journal of Medical Hypothesis (Vol. 51, pages 179-221, 1998) estimates, at birth, an average of 3% methylation of cytosines. (Cytosines are one of five nitrogen bases used for storing genetic information within a cell.) Each cell would have 90 million methyl groups at birth. Aging and degeneration are often marked by the loss of methyl groups. An average loss of 1800 DNA methyl groups per cell/day limits lifespan to about 65 years. If loss was reduced to 1200 methyl groups per cell/day lifespan could be about 95 years.

The richest natural source of biologically available methyl groups is betaine hydrochloride from beets, also known as trimethyl glycine. When combined with a rich, natural source of potassium, these methyl groups can be most easily uptaken by the cell. A recovery of methyl groups can occur with profound effects on overall health, strength, longevity and well-being as confirmed by the latest DNA microassay research of Dr. S. Burzyski in Houston, Texas.

What is the HCL Detox Program?

The HCL (hydrochloric acid) Detox Program is the use of natural-source HCL which has been highly diluted into physiological proportions and then mixed with natural-source phyto-minerals (especially potassium) for daily oral consumption.

The HCL Detox Program is a highly effective, inexpensive procedure with HCL used by medical pioneers in the 1930s with outstanding results for cleansing all the body's organs and glands. In researching the benefits of HCL, they found that taking HCL alone had poor response. However, when the HCL was combined with specific mineral sources, they discovered that an amazing whole-body cleansing response was initiated, helping to ignite the immune system's efficiency of response and integrity.

Now you can enjoy this same amazing, health procedure using **Quantum-Rx HCL Activator** and **Quantum-Rx Betaine HCL** and be assured of receiving all these benefits since they are from "once-living" sources. The synergistic effect of these premier quality nutrients is capable of achieving the most rapid shift to ideal cellular resonance which promotes the best state of health.*

Typical Regimen. Typically, for use with the **HCL Detox Program**, take 2 Vcaps of **Quantum-Rx HCL Activator** and 2 Vcaps of **Quantum-Rx Betaine HCL** with 1/4 cup purified water. Take this HCL combo, 3 times daily, typically after a meal.

*THIS STATEMENT HAS NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.

After a few days, you can begin taking the HCL combo 2 to 3 times daily, after meals. For special cleansing programs, you may take this combo 3 to 5 times daily after meals and between meals for 10 to 20 days. If you begin to experience any cleansing symptoms, such as tiredness, blowing your nose, etc., you may cut back to taking the HCL combo once daily for a day or two and then increase again to 3 times daily.

Very Sensitive Individuals. For those who are very sensitive, you may want to start the HCL combo (1 Vcap each), every other day and gradually build up.

External Use. In addition to the daily, internal use of natural-source HCL in the HCL Detox Program, external use of HCL is also recommended for external detoxification of the skin, connective tissue and outer meridian flow. Open one Vcap of **Quantum-Rx Betaine HCL** in ½ cup purified water. (**Quantum-Rx HCL Activator** is not needed for ex-ternal use.) Soak a clean wash cloth with this solution, wring it out, then use the wash cloth to massage key areas of the body briefly, such as face and neck, hands and arms, legs and feet, along the spine, and especially key body areas of concern. Do this for about 1 to 2 minutes before bed, once daily.

The Fabulous Castor Oil Pack

Premier Support during the HCL Detox Program

Castor Oil Packs are a popular, ancient remedy called the “hand of Christ,” used for thousands of years by many cultures, especially for gentle, deep-seated organ and gland detoxification.* However, the quality of castor oil can vary from the sublime to the ridiculous. The source of our **Quantum-Rx Castor Oil** is from Kerala, India, considered the very finest quality of castor oil the world over. This oil is extra virgin, cold-pressed (not solvent-extracted, hexane-free) and is rich in ricinoleic acid, a unique, potent, immune-boosting fatty acid.

The use of the castor oil pack is a procedure that uses an external cloth pack saturated with castor oil that is applied to the body for 30 to 60 minutes (with or without heat). It is used for people of all ages to promote proper kidney function, healthy bowel eliminations, good digestion, regular menstrual cycles, better assimilation of nutrients and increased lymphatic circulation and cleansing.

During the HCL Detox Program, using a Castor Oil Pack daily for about 30 minutes, especially over the kidneys (low back area) is highly recommended. It helps to gently expel toxins released from the HCL cleansing drink that typically requires additional kidney processing for clearance. Although Castor Oil Packs are not required during the

HCL Detox Program, they are extremely beneficial and helps with detoxification. (For specific instructions for using the castor oil pack, please see the Castor Oil Pack Instructions sheet.)

Seeking and Clearing Toxic Pockets

After about 7 days of the HCL Detox Program, a 62-year old nutritionist found that an upper right gum area near a root-canaled tooth began to ache intensely during the night for 2 days. Later, the gum area that had always been very sensitive for several years, completely cleared and felt normal to the touch. After about 3 weeks continuing on the HCL Program, he felt a strange sensation in his intestines and noticed small, white worm-like tissue eliminated with a bowel elimination. After that, his intestinal area felt much clearer.

A 45-year old computer expert found that for several years, it was always difficult to breathe through his right nostril. After about one week of the HCL Detox Program, he felt the right nostril clear and he could breathe well again through both nostrils.

Like the above, we have heard many interesting “HCL Detox” stories – where specific body areas were able to be cleared where other methods had been ineffective.

Recommended Use

Adults or children (age 4 and up): Take 1 Vcap, 3 times daily with meals. For use with the **HCL Detox Program**, take 2 Vcaps of **Quantum-Rx HCL Activator** and 2 Vcaps of **Quantum-Rx Betaine HCL** after meals, 3 times daily. For special cleansing programs, take this combo 5 times daily after meals and between meals for up to 20 days.

Quantum-Rx HCL Activator (520mg./Vcap, 90 Vcaps) -- Ingredients

Proprietary, Premier Quality Blend: South American, nonGMO, nonhybrid lycopene-based potassium (*tomato-derived*), Grade 10 Indian turmeric (*with premier quality curcuminoids*) (rhizome) (*Curcuma longa*), Grade 10 Indian coriander (*containing special flavonoids including quercetin, kaempferol, rhamnetin and epigenin*) (leaf) (*Coriander sativum*), the original source French maritime pine bark extract (*rich in proanthocyanidins*) (*Pinus pinaster*), pesticide-free, contaminant-free, Chinese royal jelly concentrate (6% *10-hydroxy-2-decenoic acid*), the true species of Turkish Oregano (*with flavonoids, gingerol and limonene*) (leaf) (*Origanum vulg.*), living-source, enzyme-derived sulfurophanes, high-yield, fermented isoflavones and nattokinase (*a natural fibrinolytic enzyme from cultured, certified organic, nonGMO soy concentrate; rich in the natural antioxidant, isophabron*)

Other ingredients: 100% vegetable capsule, excipient-free (*no magnesium stearate, silicon dioxide or other toxic tagalongs*)

Violite Container: Custom-Color Protection

According to the Fraunhofer Institute in Munich, Germany, the photosensitive range for food and organic compounds lies between 450 and 720 nanometers. Most radiation damage occurs in this light range. Therefore, our containers are custom-color manufactured (dark violet) to block these frequencies. Further, we use nontoxic PET plastic for our containers (more expensive than glass) because it can achieve a better seal that glass to block oxygen and because it has no toxic chemical outgassing as do most other plastics used for food or oils.
